

Do You Want To Improve Your Business's Profitability?

KLEINHARDT
BUSINESS CONSULTANTS

- Do you operate a small or medium sized business?
- Are you concerned about ever rising costs?
- Do you want to **SAVE MONEY** and **USE LESS**?

The Going Green Workshop Series is the Answer.

You can now receive this program valued at over \$3000.00 for a nominal registration fee of just \$27.50 !!!

Reduce
your
carbon
footprint!

You will receive from environmental professionals...

- A 2 hour interactive workshop delivered by local experts - tailored to the conditions of the Northern Territory.
- Assistance/tools to identify your current energy, water and waste management situation.
- Practical and often low-cost methods to lower your operational costs and substantially improve your environmental footprint.
- 12 months of coaching and monitoring of relevant data and benchmarking within your industry.

GUARANTEED RESULTS

The program is funded through the Federal Government's Building Entrepreneurship in Small Business (BESB) initiative and it's coming to your area soon! We **GUARANTEE** by implementing our strategies your business can improve its bottom line profitability!
